Mr. P. H. Hunt, Commissioner
Wasatch County
Keetley, Utah.

Dear Mr. Hunt:

Owing to your preliminary interest in the Wasatch County Memorial Hill monument, we are attaching hereto copy of our proposal which was dictated today. As we prefer to present this in person to the committee, we are not mailing the original to the committee today. We wrote Mr. Broadbent on Saturday, June 23 and told him we could meet with the committee any time after today, June 26. We are therefore holding the original in our files until we hear from Mr. Broadbent. Knowing that you were keenly interested in this project and that we first heard of it through your letter to us, we thought you might be interested in having a copy of the proposal for your files.

The sketches we mention were prepared for us by Leigh Block Turner and we think they are very beautiful, very well worked out and are certainly very appropriate for the memorial contemplated.

Yours very truly,
